# TANISHA SRIVASTAVA

Github:tanishasrivastava  8595618499  Linkedin:tanisha-srivastavaa  srivastavatanisha4@gmail.com

## EDUCATION

| | |
|---|---|
| **The NorthCap University, Gurugram** | **Aug 2022 - Aug 2026** |
| *B.Tech - Computer Science Engineering, Specializing in Full-Stack Development* | *CGPA: 8.63* |
| **Jagannath International School, Delhi** | **Apr 2021 - Apr 2022** |
| *Class XII — (Non- Medical) PCM* | *Percentage: 80.8%* |
| **Jagannath International School, Delhi** | **Apr 2019 - Apr 2020** |
| *Class X* | *Percentage: 83.6%* |

## SKILLS

- **Programming Languages**: Java , C , SQL , JavaScript
- **Web Development**: HTML , CSS , JSP , Responsive Web Design
- **Frameworks and Libraries**: Spring , SpringBoot , Hibernate
- **Web Services**: REST
- **Tools**: Maven (Dependency Managemnet), Postman , Github
- **Soft Skills**: Communication, Team Work, Adaptability, Problem Solving, Leadership

## PROJECTS

**Campus Comforts Inn (Hostel Management Website)| *Github*** — Sept. 2023
- Led a team of **4** to develop a Dynamic Web Application aimed at streamlining hostel operations, displaying student and staff data, and enhancing the administrative functions.
- Achieved a **40%** reduction in manual tasks and improved operational efficiency.
- Employed **HTML**, **JSP**, **CSS**, and **JavaScript** alongside **Servlets**, **Cookies**, and **SQL**.

**Responsive Web Portfolio | *Portfolio*** — Dec. 2023 – Present
- Designed a Responsive Web Portfolio utilizing **HTML**, **CSS**, and **JavaScript**, boasting a sleek design optimized for seamless viewing across various devices.
- Showcases a user-friendly interface, meticulously designed to highlight skills, projects, contact details, and social media links, enhancing interaction and engagement.

**Restaurant Inventory Management System** | *Java, SpringBoot,MySQL* | Github — March 2024
- Developed a **RESTful Spring Boot** project for efficient management of restaurant inventory, leveraging **JDBC** for database connectivity.
- Delivered robust functionality for the Inventory Item, Supplier, Warehouse, and Logistics management.
- Boosted operational efficiency by **50%** through centralized platform for streamlined inventory and logistics management.

## EXPERIENCE

**Google Cloud Study Jam 2023** | *Participant , Member* — Oct. 2023 - Oct. 2023
*Google Developer's Student Club- The NorthCap University*

- Worked with GCP's **Compute Engine**, **BigQuery**, **Kubernetes** and the **Dialogflow API**.
- Hands – on labs honed practical skills, facilitating seamless App Deployment.
- Gained invaluable insights into the Cloud Computing Technologies.

**AppDev.Cohort 2.0** | *Participant* — Oct. 2023 - Nov. 2023
*[Reskill]Azure Developer Community- Supported By Microsoft India*

- Commanded App Development tools: **Android Studio**, **Flutter**, and **Dart**.
- Executed core concepts: App Bar Properties, Widgets, Containers, and Customizable UI elements.
- Learned **API** integration skills for seamless Flutter development.

**Include Her Cohort 4.0** | *Participant* — Nov. 2023 - Dec. 2023
*[Reskill]Azure Developer Community- Supported By Microsoft India*

- Explored **openAI** and **Generative AI**, utilizing APIs and **JSON** for chatbot creation.
- Acquired skills in generating images with **DALLE3** and configured the custom AI agents.
- Investigated large language models (**LLMs**) and grasped Azure, OpenAI and Prompt Engineering concepts.
